

WHEN WORKING
ON MULTIPLICATION
OR DIVISION,
it is always helpful
to know (or write down)
a list of multiples.

For example :

if you are dividing
by 7, write down
the first 9 multiples
of 7:

7, 14, 21, 28, 35,
42, 49, 56, 63

* try to fill in the
chart on the next page.

Counting by:

[illegible]

Counting by:

	2	3	4	5	6	7	8	9	10	11	12	13
1	2	3	4	5	6	7	8	9	10	11	12	13
2	4	6	8	10	12	14	16	18	20	22	24	26
3	6	9	12	15	18	21	24	27	30	33	36	39
4	8	12	16	20	24	28	32	36	40	44	48	52
5	10	15	20	25	30	35	40	45	50	55	60	65
6	12	18	24	30	36	42	48	54	60	66	72	78
7	14	21	28	35	42	49	56	63	70	77	84	91
8	16	24	32	40	48	56	64	72	80	88	96	104
9	18	27	36	45	54	63	72	81	90	99	108	117
